Dear Sir or Madam,

## THANK YOU!

Very many of you gave an excellent welcome to our first newsletter. This very positive feed-back led us to validate this way to communicate with you.

As previously announced in the professional press, we are bringing all our know-how to a single production site at Elbeuf in Normandy; we aim to be a reliable partner with reinforced manufacturing capabilities and improved performance for your benefit.

As part of this programme, the whole spare parts department is now managed from the Elbeuf site.

We have placed at your disposal specialized contacts dedicated to your needs:
